BIDDING IN AUCTION – A GUIDE TO SUCCESS

Some collectors are uncertain about how postal bids work, so a few words of explanation may be of some help. First of all make sure you understand the description in the auction catalogue. The abbreviations are spelt out at the top of the first page. For instance :501 J WIX silks M31/48 British Empire Flags 1933 ...1 or 2P few F O/W G-VG £12 means that lot 501 comprises 31 out of a medium size set of 48, of which 1 or 2 are in poor condition, a few are in fair condition whilst the others are in good to very good condition. The estimated value is £12 based on the catalogue price adjusted to take condition into account. How much do you bid? You must decide what would be the maximum you would be prepared to pay for a particular item – that is your "limit". The lot will be sold to the highest bidder, at one stage above the second highest bid. For example, take lot 501, which is described above. Three people sent bids for this lot at £7, £8, and £11 respectively. The lot was sold at £9 (one stage above the second highest bid) to the person who had the £11 limit. The only time you will pay more than your limit is if there is tie. Supposing there had been two £11 bids for lot 501. The lot would then have been sold for £12 (one stage higher than the tying bid) to the £11 person whose bid was received first. Of course, being an auction, there's no guarantee that you will be successful. It all depends on whether you are the highest bidder. That's why you may decide to bid for more lots than you expect to get, to allow for some lots which may be beaten. You may wish to impose an overall "grand total" amount to prevent over-spending. There's a space on the bidding sheet for you to mark this combined limit. The bidding sheet also shows you the bidding stages – for example up to £30 it is £1 stages, between £30 and £50 in £2 stages, and so on. Please note there is a minimum reserve price of 50% on all lots estimated at £10 or above. Remember if you have any queries just telephone and we will be able to help.
